December 22, 2020

Dear Parents/Guardian,

The Delaware Valley School District was notified of one confirmed case of coronavirus (COVID-19) at the Delaware Valley High School. The individual last attended school on Friday, December 18, 2020. The classrooms and spaces used by the individual have been cleaned and disinfected multiple times since then according to CDC guidelines. The school will remain open.

This is our thirtieth case so far this school year. Since this person hasn't been in school since last week and did not show symptoms until yesterday, no one needs to be quarantined. Therefore, an automated call isn't necessary.

Parents/Guardians and students are encouraged to do the following to help prevent the spread of illness at home and in school:

- Avoid close contact with people who are sick and/or have tested positive
- Wash your hands frequently
- Avoid touching your eyes, nose and mouth
- Stay home when you are sick or come in close contact with someone who has tested positive
- Cover your mouth and nose with the inside of your elbow when you cough and sneeze
- Clean and disinfect frequently touched objects and surfaces
- Practice social distancing and wear a mask

Please keep your child home if they are experiencing any of the following signs or symptoms: fever (100.4 F or greater), cough, shortness of breath, difficulty breathing, nausea or vomiting, diarrhea, lack of smell or taste, sore throat, chills, muscle pain, headache, congestion, or runny nose.

The Delaware Valley School District will continue to monitor the situation and will provide updates as needed. Please know the health and safety of our students and staff is our utmost priority.

Sincerely,

John J. Bell

John J. Bell, Ed.D.
Superintendent
