I have a

Light
within
Me.

When I am
happy,

excited,
confident

and positive
it shines ever so brightly.

When I am sad,
disappointed, overwhelmed,
and negative

it dims so low that
I too can't see
my own
bright light.

I have the power to
either leave
my light

ON

or to turn it

OFF

This light
within me,
can light
up my
Home.

It can
light up
my
Community.

It can
light up
my
State.

It can
light up
my
Country.

It can
light up
the
World.

But what is it?
Why do I have a
light within me?
Why was I given
this light?

Every single one of us
has a light within.

What will we do with it?

Will we share it?

Will we hide it?

Will we make this world
brighter or will we darken it?

Will we use our powers
for the good or for the bad?

This is our choice.

This is our power

I choose to
lighten up

the world.

I choose to brighten even the
darkest night.

I choose
to bring joy and laughter
and positivity to those who meet me.
I choose light.

You can too.

You too have the ability
to turn a dark room into
a bright room.

You too can make
someone smile and make
their day even brighter.

But there is more.
My light is not just for me.
My light has a magic power.
It can be shared.
The light within me
can become the light
within you!

And the coolest part is...
that when I share my light,

my light only grows
stronger! It never dims!

TOGETHER,

We can light up even
more of the world.

TOGETHER,

Our light can electrify
and empower the world.

We can continue to spread
the light to others and
slowly.... the world will
become a more beautiful,

more positive, more
happy, more loving,
more accepting,

more brilliant,
more illuminated place!
