Principal

Mark McElroy
Assistant Principal

Dear Parents/Guardians,

Your son/daughter has been invited to participate in our support group program at the Delaware Valley Middle School. Support groups are beneficial for the students to learn coping skills, be academically successful, and make peer connections. We hope to help students express and deal with feelings and emotions that they may be experiencing.

Students are not required to participate. Group membership is strictly voluntary. There will be approximately 8-10 students participating in each group. The group will meet once a week for one class period for approximately 8 weeks. Students are expected to make up work that is missed in their regular class. Regular attendance is important and will be expected.

We look forward to your son/daughter participating in group. Please sign and return the attached permission slip to the counseling department so that your student can participate in the group. If you have any questions, please contact Lacesia Knight, guidance department secretary, at 570-296-1833.

Sincerely,

DVMS Guidance Department

I give permission for my son/daughter to participate in a support group _____
