The Unexpected Summer Weather

by Logan Cuttler

Mrs. Magee: Loves it, and she is excited to go outside for recess with the kids.

Mrs. Pridham: Loves the summer weather, and she likes the heat a lot.

Mrs. Moglia: **Loves it**, and she likes to go outside and play recess with the kids.

Mrs. Zegarski: likes it because she is ready for the warmer weather.

Mrs. Schwab: “It feels wonderful,” and she is glad to see the snow and ice go away.

Guest Teachers at DVES

Miss Housby by Logan Cuttler

Her favorite part of being a substitute teacher is meeting all the new kids in each class. She went to school at DVSD. All her former teachers when she was a student inspired her to be a teacher.

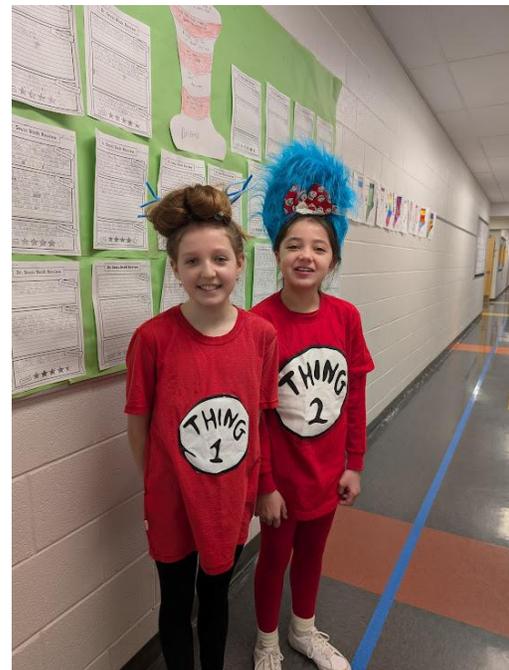

Her favorite Dr. Seuss book is **ABC** because her grandma read it to her many times.

Ms. Martin by Kelise

Ms. Martin is a guest teacher. Ms. Martin has been a guest teacher for 1 year, and she also went to the DV district. Ms. Martin came to DVES because of all the wonderful teachers.

Ms. Martin's favorite Dr. Seuss book is **Horton Hears a Who**. Her favorite rainy-day activity is reading a book and snuggling with her cats.

5th Graders Celebrate Read Across America Week

Saint Patrick's Day by Kelsie

Saint Patrick's Day is on Monday, March 17th. Saint Patrick's Day parades are believed to have started in New York City on March 17, 1762. A common color to wear on Saint

Patrick's Day is green. One fun thing to do for Saint Patrick's Day is to make leprechaun traps and try and catch the tricky leprechaun. Another fun thing to do one is to try and find a four-leaf clover, if you find one with three leaves it is called shamrocks.

Pothole Prank by Kelsie

In an English village after eight months of there being a pothole. A dude named James Coxall decided to play a little prank. His wife and kids built a fake pair of legs and put them in the

pothole which looked like someone had fallen in. After James Coxall pulled the prank, the pothole was fixed in four days!

Jackie and Shadow by Lihanna

Hi, my name is Lihanna and here are some facts that I have learned about bald eagles.

1. Beloved California bald eagles' names are Jackie and Shadow.
2. They had triplets. The first time they laid eggs ravens ate them. The second time the eagles' eggs did not hatch because of the snow.

I hope you enjoyed this story!

The Downfall of Aaron Rodgers by Killian

Aaron Rodgers, one of the greatest quarterbacks, won a Super Bowl and 4 MVPs. He also won the Super Bowl MVP too. Aaron Rodgers has a net worth of 200 million. Aaron Rodgers has played 20 seasons for the Packers and Jets. He has thrown 62,952 yards and 503 touchdowns. He was selected to play in 10 Pro Bowls.

Rainbow Flowers by Kelsie

In Southern California there is a field of rainbow flowers at Carlsbad Ranch these flowers stretch across 55 acres and have been growing for 100 years these fields open every March for 5 to 7 weeks from 9:00am to 6:00pm and there's more to do than just look at the flowers you can also go through a sweet pea maze, have fun on tractor rides and see beautiful butterflies in their butterfly encounter area but that's not even all there is still more to do

Lacrosse!

By Hunter Conklin

Lacrosse season is almost here! It's starting in March; March is almost here. I play lacrosse and I think it is super fun! I play Delaware Valley (DV) and True Lacrosse which is a travel league. I think lacrosse season is going to be super fun!!

DV Youth Lacrosse so Far!

March 17 was the first lacrosse practice and Thursday is our next day! Our first practice we practiced with the high schoolers like my brother where I met my new teammates! They were all split into different groups like Attack and Midfielders, Defense men, goalies and team passing skills every whistle, we worked on fundamentals most of the time, and the 5-6 team is looking ready!

Lacrosse Update!

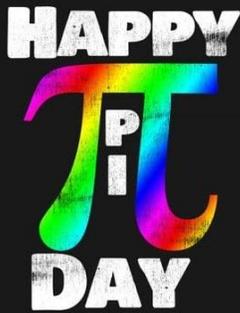

Yesterday there was another practice for the 5-6 lacrosse team and our next practice is on March 27, 2025, which is on Thursday! And we figured out that our first game is on April 4th versus Wallenpaupack, though they have 7th and 8th graders on their team we still have a chance to win!

WELCOME TO DVES Mrs. NELSON

Mrs. Nelson is a new 3 grade teacher at DVES. She was born on November 18, 1995. She went to college at Franklin and Marshall College. Her favorite color is pink. She loves being a teacher. She likes Wonder reading and thinks it's good, but her favorite subjects are math and science. Mrs. Nelson became a teacher because she likes teaching and helping kids. This is her 7th year teaching. She taught in Boston and Washington D.C., but this is her first year at **DV**. Mrs. Nelson said, 'It was hard to adjust to a new school and a new hard schedule.' Her favorite teacher was Mrs. Marcial in 10th Grade.

PI Day by Kelsie

A graphic with a black background. At the top, the word "HAPPY" is written in white, bold, sans-serif capital letters. Below it is a large pi symbol (π) with a rainbow gradient. In the center of the pi symbol, the letters "PI" are written in white, bold, sans-serif capital letters. At the bottom, the word "DAY" is written in white, bold, sans-serif capital letters.

PI day is celebrated-
on March 14 every year
on Pi Day celebrates
math and a tasty treat
pie on Pi Day. Some
people celebrate by

eating pie.

To honor Pi Day here's DVES News'
favorite pie.

Kelsie: apple pie

Jackson: pumpkin pie

Jenelle: coconut pie

Hunter: apple pie

Emma: pumpkin pie

Killian: pizza pie

Logan: pumpkin pie

Woolly Mouse? By Jackson

I bet you didn't know that scientists brought back woolly mammoths! Well, not exactly the big bear and elephant looking creature. More like Mickey Mouse, yes, they did bring it back, but just not that frightening. But

this is wonderful that scientists discovered because they might be able to bring back other animals like the saber tooth tiger. Let's be real here, it's so adorable and funny that they brought it back as such a small animal.

Cockatoos by Jenelle

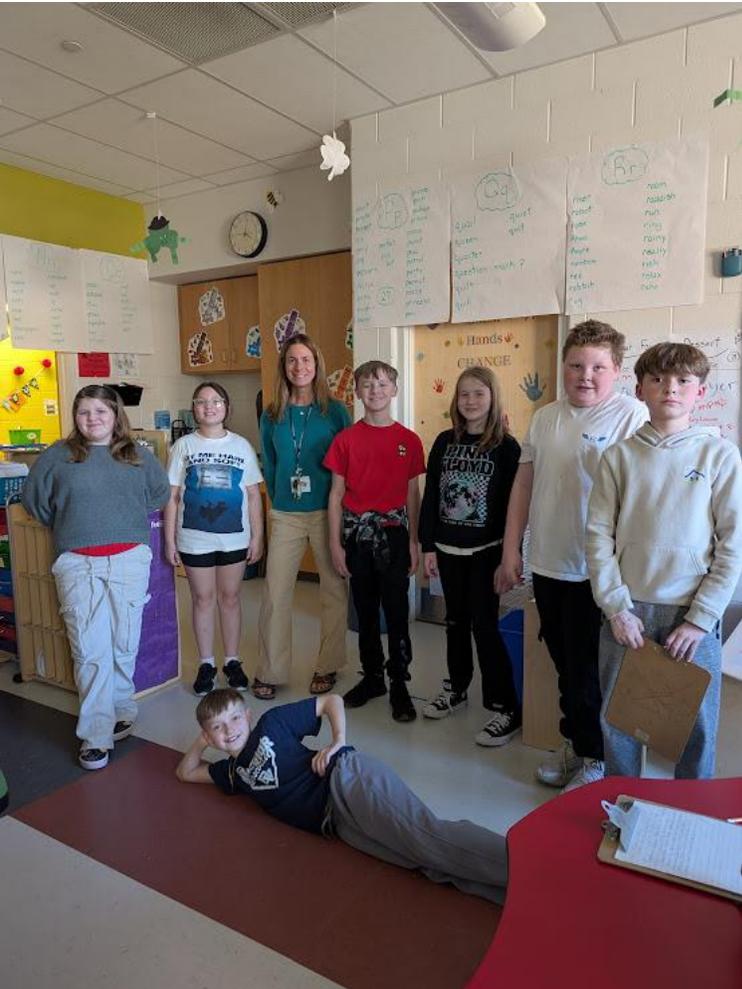

Cockatoos are fascinating birds known for their intelligence, long lifespans, and unique behaviors, including mimicry and strong beaks with some species even using tools to crack nuts. Cockatoos are a type of parrot known for their

distinctive crests and strong beaks unlike many birds most Cockatoos are left-footed. Cockatoos eat sunflower seeds and nuts.

Welcome to DVES, Ms. Byrne by Emma

Ms. Byrne just started teaching at DVES this school

year. She went to South Carolina University, and she also went to Keystone College and got a master's there too. She has a degree in teaching Pre-K through fourth grade. She started teaching Pre-K in 2003. She thinks the hardest part about being a teacher is that kids adjust to the new school, and she loves being a positive role model for students, so they enjoy their day. Her fourth-grade teacher inspired her to become a teacher. She has a

dog named Tug and she loves playing with him. Her favorite book is *The Giving Tree*. A couple of her hobbies are running and yoga. I think Ms. Byrne is going to be perfect for DVES.

Congratulations to Ms. Casey's and Mrs. Curtis's OM Teams,
and Best Wishes for the State Competition on April 5, 2025

Bravo, Mrs. DeLauro's OM Team!
