

January 12, 2022

Dear Parents/Guardians:

If your child has received the Covid-19 vaccine series, please send the proof to me. This information will be added to his/her permanent health record. In the event your child is exposed to Covid-19, this information may be important. As always, student health records are treated as confidential health information. Updates to your child's health record may be faxed, emailed or sent in with your child addressed to the school nurse.

Also, continue to keep your child home if he/she has Covid-19 symptoms and contact me if your child does test positive for Covid-19.

Thank you for your cooperation.

Sincerely,

*Alana Reich, RN, BSN*

DDPS Nurse
