

As of PowerSchool 9.0, released in June 2015, Parent Single Sign-On is the only supported method of parent access to PowerSchool.

Parent Single Sign-On changes the way in which parents access their students' academic records using the PowerSchool Parent Portal. This Quick Reference Guide is designed to assist you through the process of enabling and setting up Parent Single Sign-On in PowerSchool.

1. In your browser, go to <https://powerschool.dvsdedu.org/public>
2. When you see this screen, click on the tab Create Account

3. Click on Create Account

4. Complete the information. *Please Note:* the Desired Username and Password you create will be the Username and Password you will use from now on when signing into PowerSchool.

5. Complete your students information. Parents may enter the information for up to seven students when initially establishing their account.
- PLEASE NOTE:** The Access ID and Access Password for your student is in the letter that was sent to you via USP mail.

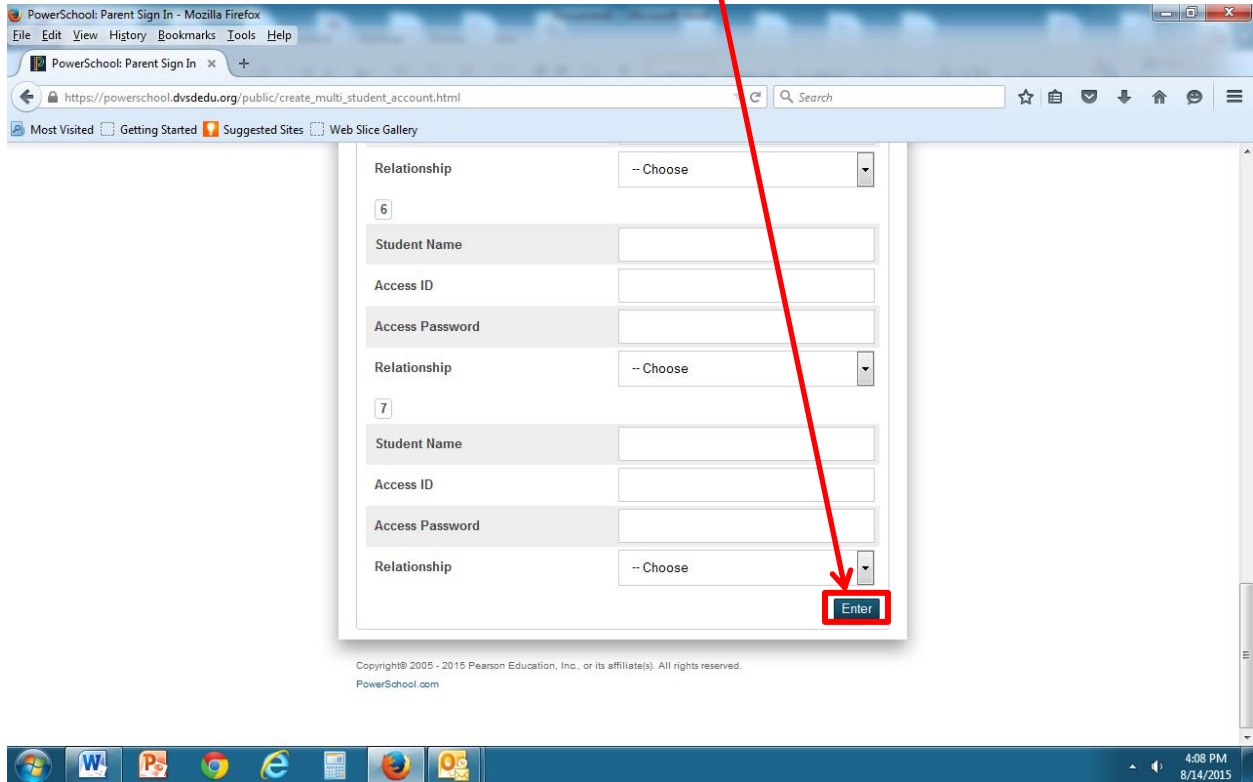

The screenshot shows a web browser window with the URL https://powerschool.dvsdedu.org/public/create_multi_student_account.html. The page title is "PowerSchool: Parent Sign In - Mozilla Firefox". The main content area is titled "Link Students to Account" and contains the following text: "Enter the Access ID, Access Password, and Relationship for each student you wish to add to your Parent Account".

There are three student entry sections, each starting with a numbered box (1, 2, 3). Each section contains the following fields:

- Student Name (text input)
- Access ID (text input, highlighted with a red box in the first section)
- Access Password (text input, highlighted with a red box in the first section)
- Relationship (dropdown menu with "-- Choose" selected)

A red arrow points from the "PLEASE NOTE" text to the "Access ID" field of the first student entry. The Windows taskbar at the bottom shows the time as 4:08 PM on 8/14/2015.

6. When finished entering your student(s), click on Enter.

7. You will now see this screen again. Sign in with the Username and Password that you created in the previous screen.
