

## Computer and Coding Club

My student has permission to attend the Computer and Coding Club at Dingman-Delaware Middle School.

The club will have the opportunity to perform coding tasks.

They may also play games during this time. Games will be brought in by the club members. They will be responsible for the games' ESRB ratings. Some games may have access to the internet.

Current scheduled dates are:

October 26; November 2, 9, 16, 30; December 7, & 14.

Pick up is before 5:00 or they will take the Late Bus at 5:00.
